

## Contact Details for Reporting Side Effects / Adverse Drug Experiences

The Global Pharmacovigilance Department is responsible for the collection, processing and analysis of adverse events for Mallinckrodt pharmaceutical products in compliance with regulatory requirements. The goals of the Global Pharmacovigilance Department are to minimize or prevent harm to patients by identifying new safety concerns and/or hazards associated with Mallinckrodt's medicinal products and to implement risk-minimization measures when appropriate.

Please report any side effect / adverse drug experience of Mallinckrodt's drug products to the following contacts:
